

# THE LANGUAGE OF LEADERSHIP

## For Women

Often, especially as women, we wait until someone bestows the title of “Leader” on us before we finally believe we actually are one.

And sometimes we don’t believe it even then!

In this presentation, Rachel Beohm will show you how to “speak” the language of leadership so that both you AND others will see you as a credible leader.

You’ll learn:

- How to use your voice and body language to get and keep the attention of others
- How to nonverbally add weight to your message
- Phrases many women overuse that damage credibility, and what to use instead
- How to silence the inner critic that hampers your success
- The #1 skill that affects every aspect of communication
- ... and more!

**CHANGE YOUR COMMUNICATION,  
CHANGE YOUR LIFE.**
